26 March, our Independence Day, is the biggest state festival. The day is celebrated every year in the country with great enthusiasm and fervour. It is a national holiday. All offices, educational institutions, shops and factories remain closed on this day. The day begins with 31 gunshots. Early in the morning the President and the Prime Minister on behalf of the nation place floral wreaths at the National Mausoleum at Savar. Then other leaders diplomats, political parties, social and cultural organisations, educational institutions and freedom fighters pay homage to the martyrs. People from all walks of life also go there in rallies and processions. There are several cultural programmes throughout the day, highlighting the heroic struggle and sacrifice in 1971. The country also witnesses a smartly spectacular parade of defence forces, border guards, police, ansars and the VDP (Village Defense Party) at the National Parade Ground near the National Parliament. In Bangabandhu Stadium school children, scouts and girl guides take part in various displays to entertain thousands of spectators. Educational institutions also organise their individual programmes. Sports meets and tournaments are also organised on the day, including the exciting boat race in the river Buriganga. In the evening, all major public buildings are illuminated with colourful lights. As human beings, we have ability to bring about a great change in our social, national and international life. But we cannot change everything. For examples, we can neither change the sun's radiation nor the earth's orbit around the sun. But we can control the increase in the amount of greenhouse gases and its effect on the atmosphere. It is a matter of great sorrow that only during the last hundred years the carbon dioxide concentration has been raised alarmingly in the atmosphere and we humans can be held responsible for this.

Carbon dioxide level in the atmosphere is increasing due to burning of fossil fuels. Since the 19th century, industrial activities and the number of industries have been increased. So, for energy combustion of coal increased. Natural gas and oil are also burnt for different purposes. Thus, we are generating more and more greenhouse gases world wide.

Question:

There are several reasons why the carbon dioxide concentration has been (a) — in the atmosphere. Our mills and factories burn coal, mineral oil, natural gas etc. With a view to (b) — energy, we also burn these materials to (c) — our everyday needs. But for our own safety, we have to encourage (d) —. Otherwise our existence on earth will be at (e) —.

Read the passage on SAARC and answer questions no. 4 and 5.

SAARC is a regional organization for mutual cooperation, friendship and development. The full form of SAARC is "South Asian Association for Regional Cooperation". At the initial stage, there were only seven developing nations to form the organization. Later, Afghanistan was included as one of its member countries.

SAARC started its journey through holding its first conference in Dhaka on 8 December 1985. At present, the member countries of this organization are Bangladesh, Bhutan, Maldives, Nepal, India, Pakistan, Sri Lanka and Afghanistan. The secretariat of this organization is situated in the capital of Nepal. Its head is called Secretary General.

There is a deep relationship between Bangladesh and SAARC. It was Bangladesh that took the first initiative to form SAARC. As the initiator of SAARC, Bangladesh has been playing a significant and strong role in its different activities. As one of the member countries it has also been making every effort to expand the trade between the member countries and to solve the regional conflicts and existing crisis between the neighbouring countries.
